

IUCN's Red List of Ecosystems

*An evolving tool for risk assessment, priority setting and
landscape action*

Seminar and workshop with **Edmund Barrow (IUCN)**

Friday 17th May 2013. Seminar: 9am-10am. Workshop: 10am-1pm.

Trinity College Dublin (room tbc). €5 workshop fee for non-TCD attendees.

Refreshments will be provided at the workshop

The IUCN Red List of Ecosystems will be a global standard for how we assess the status of ecosystems. In this seminar Edmund Barrow (IUCN) will explain how IUCN Red List of Ecosystems works and its importance. The workshop will give attendees practical experience of Red Listing an Irish ecosystem and provide opportunities to discuss and debate the issues surrounding ecosystem based conservation.
